### Learning outcomes for mini-seminars:

- Gain a good overview of Islam and key points of difference between Christianity and Islam (and between Jesus and Muhammad)
- Understand the radical Islamic agenda and how it is impacting the West
- Understand how and why Christians are persecuted under Islamic conditions, and why this is increasing around the world
- Understand the core spiritual issues involved in engaging with Islam and Muslims
- Understand how God is reaching Muslims with the good news of Jesus, why this is accelerating – for example the Iranian church is said to be the fastest growing church in the world – and what this means for the mission of local churches everywhere.

*The teaching in the mini-seminars is specifically tailored by a pastor for pastors*

*All mini-seminars are the same presentation*
