

MOTHERS DAY CARDS & GIFT TAG IDEAS

Mum, thanks for holding
everything together!
Happy Mother's Day!

YOUNGER CHILDREN:

Glue a button over every letter "o" or just colour in the letters.

MUM Y●U H●LD
EVERYTHING T●GETHER

Glue on buttons for the heads of the flowers and thin ribbon for the flower stems

Adapting this idea slightly, you could change out the flower heads or the center part of the flowers for buttons instead. Then use chenille sticks or pipe cleaners for the stem. Use colored craft popsicle sticks for the fence.

OLDER CHILDREN:

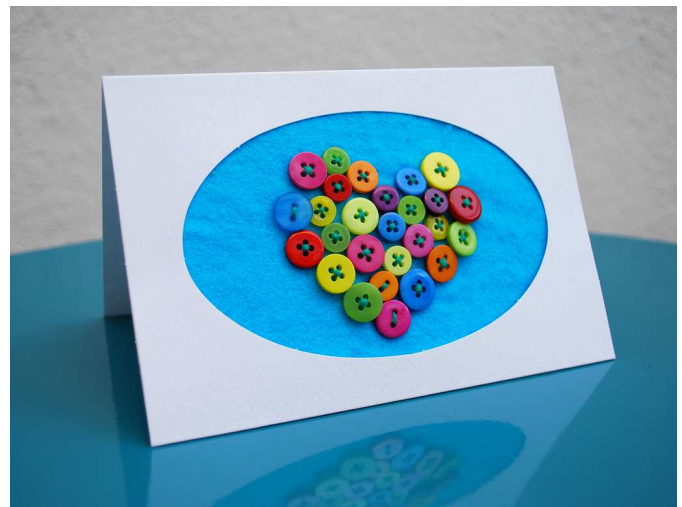

Mum, thanks for holding everything together!

Happy Mother's Day!

Children can photocopy a favourite page of scripture to glue buttons onto.

Sew buttons onto a piece of felt and then glue it onto the back of the oval cut out in the card.

Draw a heart shape for the children to glue or sew their buttons on.
Have them choose a nice font to write their Mother's day message onto the center of the heart.
